## **Personal:**

Retired hang glider pilot (Hang III rating). Longest flight was 158.6 miles, from Mt. Harrison, Idaho, to near Dell, Montana. This flight set the distance record for hang gliding flights originating in Idaho.

A big fan of Japanese selvedge jeans, in my free time I enjoy baking sourdough bread, bicycling, drinking fine red wine, exercising, gardening, listening to doom metal, long and power walks, playing video games (PS5 Pro & X Box Series X), reading, and answering students' emails.
