

FRIDAH M. K. MUBICHI-KUT

The Charles H. Dyson School of Applied Economics and Management
Cornell SC Johnson College of Business
301D Warren Hall, Ithaca, NY 14853
Email: mfm96@cornell.edu
Phone: +1 (607) 255-9984

- Ph.D. Rural Sociology, University of Missouri (2017)
- MA. Sociology, Northeastern University (2012)
- MBA. International Marketing, Oklahoma City University (2005)
- MSc. Management and Organizational Development, United States International University-Africa (2004)
- BSc. International Business Administration, United States International University-Africa (1999)

Areas of Research Interest/Expertise

- Program monitoring, evaluation, and learning
- Diffusion of agricultural innovations in emerging markets
- Agriculture commodity research and promotion programs

PROFESSIONAL & RESEARCH EXPERIENCE

Cornell University

Professor of Practice (July 2021 – Present)

- Executive Director of the Student Multidisciplinary Applied Research Teams (SMART) program
- Teaching and developing a program that promote undergraduate and graduate student multidisciplinary engaged learning opportunities within emerging markets.
- Designing and implementing various applied research projects that promote collaborative and innovative learning by students, faculty, and public; promote case studies development; and offer technical assistance to underserved NGOs, businesses, and communities within emerging markets.
- College of Agriculture & Life Sciences Graduate Faculty Advisor, Global Development Field Research Advisor.

United Soybean Board

Director Measurement & Evaluation (June 2019 – June 2021)

- Directed the development of the first measurement evaluation and learning (MEL) system for the national soybean commodity board.
- Developed new methodologies, material, and implementation strategies that promoted program design, systematic data collection, evaluation, and collaborative learning across the diverse programmatic investments and contractors.
- Worked closely with senior leadership, board members, and various stakeholders in the development of the organization's five-year strategic plan (2022-2027).
- Facilitated development, training, and management of primary contractor program management and reporting guidelines.
- Oversaw the development of all organization-funded survey research and methods that improved data collection and reporting efforts at both the federal and state levels.

- Led the development and reporting of the mandated United States Department of Agriculture (USDA), Agricultural Promotion Programs economic analysis/ return on investment studies.

Area Resources for Community & Human Services (ARCHS)

Evaluation and Research Specialist (April 2018 – May 2019)

- Designed and implemented various program evaluations, research, training, and reporting that supported the organization and funders' needs in program development and evaluation.
- Provided strategic and technical assistance support for state, federal, and private funded programs in the organization.
- Restructured and managed the organization's program and grant reporting systems for St. Louis City and St. Louis County.
- Compiled and supervised the development of various program reports and grant applications.

University of Missouri (MU)- Innovation Labs.

Research Assistant,- USAID- FtF Soybean Innovation Laboratory; Climate Resilient Beans, and McKnight Foundation Collaborative Crop Research Program (2014 – 2020)

- Conducted field research and assisted in the development, testing, and adoption of several multi-country survey instruments including the USAID- FtF Women Empowerment in Agriculture Index (WEAI+).
- Designed and led various mixed-method studies including community mapping exercises of agricultural households in Central Mozambique to identify existing agricultural information and resource networks accessed by both men and women in rural Mozambique.
- Designed and facilitated Mozambique survey enumerator training based on computer-assisted personal interviewing (CAPI) and Paper and Pencil Interviewing (PAPI) survey methods.
- Led survey data analysis, and reporting for various audiences, including technical report writing for USAID, McKnight Foundation & Mozambique Institute for Agriculture Research (IIAM).
- Designed and led four community mapping exercises in two rural villages located in central Mozambique which informed data collection efforts, agricultural production training, seed, and fertilizer distribution.
- Collaborated with various researchers to produce, publish and present various interdisciplinary research works focused on plant breeding, agricultural technology adoption, women empowerment, and food security.
- Worked with a group of undergraduate students in a senior-level Strategic Communications capstone class from the School of Journalism to create their first international advertising campaign.

University of Missouri

Graduate Research Assistant -Community Development Academy & Extension (2012 – 2014)

- Taught two professional development classes focused on diversity and inclusion titled, "Practicing Community Inclusion" and assisted in conducting, compiling, and reporting training outcome evaluation results.
- Supported faculty members in various curriculum development, activities, and federal grant applications to e.g. the Cochran Fellowship program and the "South Africa - Missouri Entrepreneurship and Community Economic Development Professional Fellows Program" focused on the development of agricultural systems in Africa and other emerging markets.

- Designed and implemented new marketing and recruitment strategies that included hosting various lunch and learn lectures that supported networking and learning opportunities for graduate students interested in nonprofit management and rural development policies.

Northeastern University, Boston, MA

Lecturer & Research Assistant, D'Amore - McKim School of Business (2010 – 2012)

- Taught Management and Organizational Behavior courses to undergraduates in various non-business majors e.g., Pharmacy, Engineering, and Criminal Justice.
- Supported curriculum development and research in the field of Organizational Behavior, Emotions, and Human Resource Management.

Kenya Methodist University, Kenya

Lecturer, School of Business and Economics (2007 – 2009)

- Assisted in developing the undergraduate International Business curriculum and taught various courses in International Business; International Marketing; Principles of Marketing; Management and Organizational Development classes on campus and through the distance learning program.
- Mentored students focused on international business.
- Worked with Assistant Dean for Student Affairs to develop a “Service-Learning program” that provided students an opportunity to engage with local communities; gain hands-on experience in entrepreneurship, health, and education programs; and promote the University’s corporate social responsibility.

Miriam Kanana Mubichi Foundation

Founder & volunteer Chief Executive Officer (2004 - 2019)

- Oversaw general administration, program design, fundraising, reporting, and volunteer training.
- Supported the development of various grassroots women empowerment programs including 2 conservation projects that planted over 30,000 tree seedlings in public schools, riverbanks, and the Mt. Kenya forest to provide windbreaks, reduce soil erosion, and promote reforestation.
- Led renovations and construction of more than 100 classrooms, 4 community libraries, 2 community gardens, and 4 fish ponds that supplemented a free lunch program in various public schools.
- Developed and implemented various WASH programs which include: construction of more than 100 pit latrine toilets, drilling of 2 community boreholes, piping and installation of water tanks in 3 communities, and deworming of at least 3,000 school-age children.
- Established and ran 7 free medical camps with over 700 local & international medical and community volunteers that benefited over 30,000 people in eastern Kenya. Examples of services offered at the camps' clinics included blood pressure and blood sugar testing, jigger treatment, prenatal clinics, nutritional counseling, malaria testing, treatment, and mosquito net distribution.
- Supervised students enrolled in undergraduate and graduate Public Health programs at the Northeastern University in conducting two malnutrition studies.

Dell, INC.

Executive Account Manager, E-BIZ Division (2005 - 2006)

- Carried out market research focused on Small and Medium Business technology development.
- Managed sales and technical support for numerous Small and Medium Business clients.

- Trained and mentored new sales representatives.
- Achievements included- Exceeding the set sales target in the division by over 30% and being awarded “Best customer sales representative” by Michael Dell in April 2006.

Henkel Kenya Ltd.

Area Sales & Marketing Coordinator (1999 - 2003)

- Designed and carried out various sales and marketing studies geared towards product development.
- Facilitated development and launching of new consumer products into the East Africa market.
- Designed television advertisements, promotional material, and marketing events
- Designed and conducted various sales representatives and merchandiser training.
- Handled public relations and social corporate responsibility for the Consumer & Household product division.
- Achievements included – increased overall company sales between 2001 and 2003 by 40% and introducing a corporate social responsibility program that donated cleaning and personal hygiene products to orphanages located in Nairobi.

SELECTED COMMUNITY ENGAGEMENT & PROFESSIONAL SERVICE EXPERIENCES

- **Executive committee member**, International Sociological Association Research Committee on Agriculture and Food (ISA-RC40)- (2024-2027)
- **Co-Chair**, Rural Sociological Society, International Development & Studies Research and Interest Group (2023- Present)
- **Member**, Global Priorities Working Group- Cornell SC Johnson College of Business (2024)
- **Member**, Dyson Undergraduate Studies Committee (2021- present).
- Engaged Learning Curriculum Committee **member**, Cornell SC Johnson College of Business (2022-present)
- NY FarmNet, Search Committee **Member**- Dyson School of Applied Economics and Management (2023)
- **Executive Committee member**, International Rural Sociology Association, Africa Rural Sociology Network (2016- present)
- **Judge & Key Speaker**, OKB Foundation Case Competition (2022&23)
- **Volunteer Research & Program Coordinator**, **The African Connection Namibia** (2020- Present)
- **Advisory Board Member for the African Interdisciplinary Studies Hub (Africa Hub), University of Missouri** (2014-2017) – served as a founding member and adviser in the development of the Africa Hub, whose purpose is to strengthen research, cross-disciplinary collaboration, teaching, innovation, and outreach in and about Africa at the University of Missouri. In this role, I also assisted with the development of a seminar series (Focus on Africa) that has continued to provide students, post-docs, and faculty members working in Africa with an opportunity to share their research and promote interdisciplinary collaborations.
- **Local government and Meru community development advisor** (2007-2009)- participated in various local and regional economic development meetings that informed the Meru district development council on issues of education, public health outreach, youth, and women entrepreneurial development.
- **Assistant Grant Coordinator**, GEAR-UP, Oklahoma City University (2003-2004)
